NEW HOSPITAL OPENED MONDAY

Proclaimed By Medical Men And Government Officials To Be The Model Small Town Or Rural Hospital In All Canada—Equipment Of The Highest Quality And Latest Design—Staff Efficient And Experienced—Will Be A Boon To The Whole District.

Just two years 353 days from the time the new hospital project was announced, elapsed, until the doors were opened and patients received. It was on the evening of January 14th, 1943 at Lions Club dinner meeting in The Village Inn, that Mr. A. R. Globe announced that the late Mr. Charles J. Eames had offered to donate the fine club house building and surrounding land on the golf course property, for hospital purposes and stated that a campaign to convert and equip the building would be started immediately.

On Monday morning of this week, January 7th, 1946, the doors of this fine institution were thrown open for the reception of the weak and suffering and West Lincoln Memorial hospital is now an absolute fact and a going concern.

Without doubt Mr. Globe is really the man responsible for West Lincoln Memorial hospital being an actuality. He surrounded himself with leading men and women from the various communities which the institution will serve and we may consider ourselves fortunate that we had such a human dynamo in our midst. "Sandy" a big man in any company, and like most truly big men, modest and without thought of taking credit for his own good deeds, yet liberally giving credit to others, he proved an admirable leader throughout the whole, long campaign.

Few people knew of the obstacles that had to be overcome in making this hospital a reality. Few men would have continued in the face of these difficulties which were to "Sandy" just a challenge and mastered in that spirit.

After many months of diligent planning and conferences with heads of other hospitals and Ontario Department of Health officials the light of day began to break. During the course of two and more years several methods of raising funds were put into operation by the men in charge of affairs and much organization work was done.

The late Charles J. Eames, whose generous donation of the fine club house building and land started the project of West Lincoln Memorial hospital.

It was slow, discouraging work. Raising of funds was a hard job for it was a large sum of money that was needed and the people were having many calls made upon their purses for war time activities, but they always managed somehow to contribute something.

Then the County Council came into the picture and made a fine grant. Then they made a second grant and only last month they made a third grant. Through the efforts of Hon. Charles Daley, Minister of Labor and M.L.A. for Lincoln, a grant of \$10,000 was received last April from the Ontario government. These grants lightened the load considerably and also gave impetus to private contributions.

Grief and agony were paramount in the conversion of the building. Labor was scarce and good construction materials were still scarcer, but persistence won out in the end.

Women's organizations as well as service clubs and other men's organizations throughout the Winona, Grimsby, North, Grimsby, Beamsville, Clinton, South Grimsby, Cayuga and Caledonia districts all worked as

with just one object in view, the creation of West Lincoln Memorial hospital. Private individuals did their part no little. Some large, some small, but all for the common cause.

The newly formed Ladies Auxiliary of the hospital did a titanic job. Today the linen closets at the hospital are filled

led to overflowing with all kinds of linen that is necessary for the successful operation of an institution of this type. And their work is far from finished yet.

Nothing has been missed in the equipping of this hospital with the very finest and latest in hospital equipment. In fact

and an equipment standpoint.

In equipping this hospital the Metal Craft Co. gave unsparingly of their administrative resources and their workmen gave unstintingly of their time and ability in order that nothing but the best would be supplied. Equipment purchased from other Canadian concerns is of the very highest quality.

The hospital opened its doors with 18 adult beds, two children's beds and eight bassinets. The maternity ward is proclaimed by medical men and hospital authorities to be

FIRST BABY

At 3:15 a.m. Wednesday morning, the walls of West Lincoln Memorial hospital resounded to the walls of its first new born baby. The little cherub is a girl and weighed three pounds, 13 ounces. The mother is Mrs. Mary Kristal-moff, wife of Harry Kristal-moff, R. R. No. 3, Beamsville. Dr. J. H. MacMillan, Grimsby, was the attending physician and Miss Marion Pettit was the nurse in charge. Assisted by Mrs. Vida Croft, Mother, Daughter and Father all doing fine. And I am out of Grimsby out. It was a busy night, for after this baby was born, several other babies were admitted to

Miss Douglas MacRobbie, Superintendent of the new institution. She is a Registered Nurse of wide and various experience and the Board of Directors were very fortunate in being able to secure her services.—Photo by Thomas Studio.

The Ontario Department of the finest to be found anywhere in the province, and they also claim that the nursery in connection with this Canada, both from a building ward has no equal in any hos-

pital. This nursery was furnished and equipped at considerable cost by Mr. Leonard C. Eames of Hamilton and Grimsby Beach, son of the late Mr. Eames.

Patients are already being received at the hospital and from now on visitors, except those to visit patients, can not

be allowed to inspect the hospital. This rule must be adhered to from a health angle.

FACTS & FANCIES

Frank Fairborn, Jr.

JANUARY PEACHES

Commenting on the announcement of the Ontario government that there is no intention of banning the red netting on peach baskets, The Ottawa Citizen wants to know how the growers of this district intend to retrieve their reputation, "so badly tarnished in 1945." And that paper adds:

"The Niagara fruit-growers have six months or more in which to act. To stimulate more positive thought, perhaps they might obtain a copy of this month's issue of Country Life, published in Vernon, the official organ of the British Columbia Fruit Growers' Association. It shows how British Columbia fruit men seek to improve fruit packing so that the reputation of West Coast fruit may be enhanced.

"In describing a method of handling and shipping fruits as if they were eggs—and involving, presumably, their inspection—the author of the article truly observes, that this is the only justification for the continuance of shipments to competitive markets. Ontario fruit growers, wedded to their old ways may, perhaps, be forced to appreciate this fact if they fail to find buyers for their netting-covered baskets next season. The loss would be Ontario's, for this province can produce such excellent fruit."

MAN'S SEVEN MISTAKES

Man's imperfections lead him to make mistakes in life, and the pointing out of these mistakes has engaged the attention of philosophers and reformers in all ages. A recent writer enumerates what he considers to be the seven greatest mistakes of man:

1. The delusion that individual advancement is made by crushing others down.
2. The tendency to worry about things that cannot be changed or corrected.
3. Insisting that a thing is impossible because we ourselves cannot accomplish it.
4. Refusing to set aside trivial preferences in order that important things may be accomplished.
5. Neglecting development and refinement of the mind by not acquiring the habit of reading.
6. Attempting to compel other persons to believe and live as we do.
7. The failure to establish the habit of saving money.

WHY THE PAST LOOKS BETTER

Some people talk about the "good old days" as if the times of years ago were better than the present, and gave better chances for success and enjoyment. A noted preacher explained this feeling by saying that those who make this remark are usually elderly persons.

They look back to the time of their youth, when they were full of energy and ambition and the power of achievement. They were able to take an active part in work and business and community efforts. Their activity made them happy, and it seemed easier to accomplish things. That gave them their present feeling that those old days were better than the present ones.

The greatest pleasure in life does not seem to come from the full attainment of our efforts. It seems to come rather from the exercise of our powers while we are working for these ends. There is a great pleasure in doing something successfully, in conquering situations and overcoming difficulties and conquering obstacles. That satisfaction seems to outweigh the pleasure that comes from the full attainment of one's objectives.

One of the oldest written statements that has come down from the most ancient times is quoted. It was a lament about the deterioration of the times, and that conditions were not as good as they used to be, or

that people were not behaving as well as formerly.

When people reach elderly years and have to retire somewhat from active life, there is a sense of loss of former powers. They can be comforted by the thought that they have helped on the causes of progress, and contributed their part to human advancement, and that the world is really making progress toward the higher goals.

BRITAIN FEELS LOSS OF CHURCHILL

Letters from friends in England indicate that wartime privations are even worse than they were during the war, writes Lewis Mumford. A friend who voted for the Labor Government, in admitting that the country was in a bad state, consoles himself by saying that things would have been no better if Churchill had been returned to power. But it is obvious that my friend is disappointed and that he expected something more from the new government.

Judging by this and other letters, and by talks with returned men, there seems to be a growing feeling among people who voted for the Labor Government that they have made a serious mistake. They are realizing what the loss of statesmen like Churchill, Eden and Lord Woolton means in the decline of national and international leadership. Churchill was a tower of strength and an inspiration to the British people throughout the war, and the mistake that they made was in assuming that they could now forget all about the war and its international consequences and return at once to internal politics. They were misled into believing that the nationalization of the bank of England and of various industries would at once usher in a new era of social security. Churchill did not promise them this, but he did promise practicable reforms and a rebuilding of world trade, and he told them that they must work and sweat as they had done in war if they were to achieve those ends.

But the British people were work-tired and hungry, and too many listened to the false prophets of ease and plenty under a socialist order. And they are still hungry. A Canadian friend, who recently returned from a three months' business trip to England, gave me a very gloomy account of conditions in London and other large cities. He said the shop windows were all boarded up and that long queues of people, with depression written on their faces, were lined up waiting to get their small rations of food. Often enough, he said, those at the end of the line would find there was no food left for them. They were allowed a small portion of meat per week, and the one egg per month could seldom be obtained. He said there was more need than ever for sending old clothes and food to the Old Country.

Referring to the result of the general election, my friend said that many people voted for the Labor Government in the belief that Churchill would "win top easily," and that they wanted to give the Conservatives a "jolt." Some who admired Churchill as a war leader were afraid that he might develop into a peacetime dictator if he had too large a majority. Now they realize that he should have been left to "finish the job" so far as the peace settlement is concerned. With Churchill and Roosevelt out of the way, Stalin is the sole survivor of the "Big Three," and he is making the most of the personal prestige and power bestowed upon him as a world war leader.

But whatever may be the explanation of present conditions in Britain, the people need more than our prayers or sympathy; they need immediate help in the way of food and raw materials, of which Canadians have far more than they need. They were deeply depressed and disappointed over the United States loan, and they felt that it was a poor reward for all they had suffered in the war. At the outbreak of the war Prime Minister Mackenzie King declared that Canada would "stand at Britain's side," and in this time of economic distress Canada must again go to the aid of the British people. Canadians have prospered in the war, and they will prosper in the peace by generously supplying the needs of Britain, as well as those of the want-stricken peoples of Europe. "Cast thy bread upon the waters, and thou shalt find it after many days."

Letters to the Editor

Detroit, Mich., Dec. 28, 1945

The Grimsby Independent
Grimsby, Ont.
Gentlemen:

Just was shown a picture of the old Grimsby Independent Band. I am sure my grandfather the late J. J. Groce had one of the same pictures.

What I am writing you about is the article you have at the bottom of the picture stating that none of these men are alive to-day. I had dinner at Xmas with the snare drummer or kettle drummer as we kids used to call them, he being my father Art Groce. He was quite gay and doing a very good job on a fowl. He lives at 489 North River Drive, Marine City, Mich.

This letter was sent in good spirit and hoping that maybe some of the old boys that are still around might remember him. Thanking you, I am,

Very truly yours,
Artie Groce

Sorry, Mrs. Stewart—they've hung up. And after you've hurried all the way downstairs, too...

MORAL: Please be patient if the party you are calling, like Mrs. Stewart, doesn't answer right away.

By waiting at least thirty seconds you often save yourself a second call.

And you will save your friend the annoyance of finding no one on the line.

Give the person you call time to reach the telephone!

GOOD TELEPHONE USAGE

1. Consult your directory when you're not sure of the number.
 2. Answer your own telephone promptly.
 3. Hold the mouthpiece close to your lips and talk directly into it.
 4. Avoid breakage. Replace the receiver G-S-N-T-L-Y. And keep the instrument away from the table, edge, etc.
- They all help to promote prompt, trouble-free telephone service and maximum use of available facilities.

Bicyclists Pay A Little Attention

For the guidance of cyclists, we print the following safety suggestions from the Ontario Motor League:

1. Don't ride more than two abreast at any time, and keep in single file in traffic.
2. Don't change direction suddenly.
3. Don't ride closely behind a motor vehicle. It may stop unexpectedly.
4. Keep your hands on the handlebars.
5. Don't pass motor vehicles on the wrong side.
6. Don't attempt to ride up steep hills.
7. Keep a close watch on street intersections and turn corners slowly.
8. Give signals before making left turns, and make right turns close to the curb.

In addition the League has the following to say in general about cycling, particularly as it applies to the problems of motorists:

"Bicyclists should bear in mind that the bicycle is claimed in the Highway Traffic Act as a vehicle and subject to the general rules and regulations applicable to vehicles."

"Bicyclists, therefore, are required to observe stop regulations, traffic lights, the right of way rule at intersections and all the other rules of the road that govern vehicles generally."

"Bicyclists must carry red or reflectors, as specified in the Highway Traffic Act, and must have a white surface on the back not less than ten inches in length and two inches in width, so placed as to be clearly visible to drivers of other vehicles. This is exceedingly important from the standpoint of safety."

As there are thousands of boys and girls attending public and high schools who ride wheels, it would be well if the teachers could find time to impress upon the pupils from time to time the importance of following the helpful suggestions made by the Ontario motor League.

West Lincoln Memorial Hospital

"The Little Country Hospital"

(By Edgar A. Guest)

The little country hospital is hidden out of view,
And people seldom notice it as pleasure they pursue;
But let an accident befall, which is the fate of men,
The proudest man is glad to see the small town doctor then.
And in that little hospital, which humble folks maintain
He'll find that hearts are merciful and quick to comfort pain.

It isn't like the city place, with sections blocks apart,
Where every patient's listed as a number on a chart,
And specialists for this and that convene to thumb him o'er,
And ask a thousand questions of the ill he's had before.
For in the country hospital, which lacks all pomp and style,
The surgeon on his morning round has time to chat awhile.

And whether pain be in your groin, your stomach, or your toe,
The cause of it the doctor there assuredly will know.
He will not shunt you round the paces for rays of that or this;
He'll diagnose your case himself, and very seldom miss.
And whose'er shall tread the hall when you are free from pain
Will stop to speak a cheery word and wish you well again.

So little country hospital, which humble folk support,
Which struggles for existence, since its funds are always short,
I pay this simple tribute now to all your tender care
In lessening the hurt and pain which mortals have to bear,
And pray for God's rich blessings on the men and women brave
Who give their every ounce of strength another's life to save.

Aged Man Found In Bad Condition

Partially paralyzed and in need of food for several days, an aged man, Bishop, aged over 70 years, was found in his main street apartment on Saturday by Chief Constable William Turner and William Schwab, who forced entrance to the premises after neighbours had reported that the aged man, who lived alone, had not been seen for several days.

Dr. J. H. MacMillan said the man had suffered a seizure and had been unable to move. He was removed to St. Catharines General Hospital.

County Paid Out 84 Fox Bounties

Farmers And Hunters in Caledonia Bagged 29 Red Foxes Last Year — None In North Grimsby.

Caledonia is the "foxiest" township in Lincoln county, if bounties are an indication. That rural area claimed more than 80 bounties from the county during the past two years. County Treasurer William H. Millward revealed today that the county office paid out bounties in 1945 and 87 bounties in the first year a reward was paid for the destruction of foxes. The decision to pay bounties was passed late in 1943 to encourage the destruction of foxes which had become so numerous that they were a serious menace to the livestock.

Present Bibles To New Hospital

Mrs. Stafford Johnston of Toronto, on behalf of her late husband, Stafford Johnston, has presented to West Lincoln Memorial Hospital, two Olden Bibles, the late Mr. Johnston having been a member of the Olden Society.

The presentation was made on Monday by Col. W. W. and Mrs. Johnson acting on behalf of Mrs. Stafford Johnston. Mr. and Mrs. Stafford Johnston were former North Grimsby residents, having lived on the Grimsby mountain top where they conducted a grocery store.

Mild Weather Not Warmful To Fruit

Births as usual were at a low ebb there only being 11 registered. This caused by the fact that a child registered in the municipality which it is born, therefore all children of North Grimsby parents, born in some other municipality are registered in that municipality.

For Peaches Are Planned At Present Time

June weather in January was very pleasant to say the least, but it was not expected to last. The weather started last Thursday with a pleasant interlude to break a long winter, but if it lasts long it would very likely be a disappointment to the fruit prospects. O. J. Robb, of the Vineland Experimental Farm, states that the warm spell, and not lasted long enough to damage fruit trees. "We don't expect any trouble," he said. "It requires a longer period of warm weather to break the dormancy of the trees. Trees will be registered in the next month."

North Grimsby Vital Statistics

Clerk Theo. W. Allan of North Grimsby reports that for the year 1945 there were 23 deaths registered in the township, and 11 couples decided to travel in double harness.

Births as usual were at a low ebb there only being 11 registered. This caused by the fact that a child registered in the municipality which it is born, therefore all children of North Grimsby parents, born in some other municipality are registered in that municipality.

Non Grimsby can look for a big jump in the registration of 1946 as all babies born at West Lincoln Memorial Hospital will be registered in North Grimsby.

Elections Held In 10 Of The 13 Municipalities In Lin- coln—Ecker Succeeds Pet- trew In South Grimsby— Three Candidates In Field For Wardenship.

Voters in 10 of the 13 municipalities of Lincoln County went to the polls Monday, and when the smoke of some of the fiercest political battles in many years cleared away several old campaigners were among the missing. Lincoln County Council will have five new men on its 20-man board. They will meet at the county building January 15th at 2 p.m. to elect a warden. Prominent contestants will be Reeves Robert Johnston, Port Dalhousie; Leslie Lymburner, Calton Township; and Roy A. Saunders, Beamsville. None of these three had to face elections as they were elected by acclamation a week ago.

New men on the county council will be Reeve John L. Hewitt, Grimsby, elected by acclamation last week; Deputy-Reeve A. J. Wilson, Merriton, a former councillor of the town who won out over G. C. Wilson, recently discharged from the RCAF; John B. Aikens, North Grimsby, who had a comfortable margin for the deputy-reeve's chair over George W. Crittenden, who has held the office for nine years; Samuel Ecker, elected as reeve of South Grimsby Township after serving on the township council for 12 years; and Lorne Book, a councillor in Gainsborough Township for 22 years, who became deputy-reeve by stopping Wallace McCready who sought his fourth term.

Leonard Hoare, Merriton, will return to the county council, but this time will sit in the seat reserved for the reeve of that town.

Coal Business Had A Lot Of Owners

Interesting Data About The Gibson Firm Comes To Light — Now Owned By "Dick" Shafer.

In chronicling the sale of the J. H. Gibson coal business, to Richard Shafer, last week, we failed to give a lot of interesting facts about this business.

As stated in The Independent this business was established by the late James M. Farewell. He sold it to James A. Aitchison and the late Major Wm. Gibson came in as a partner. Then Major Gibson purchased a fruit farm at Vineland and sold his interest in the coal business to Mr. Aitchison, who almost immediately took Mr. J. H. Gibson into partnership. Some time later Mr. Aitchison disposed of his half interest in the business to the late George A. VanDuser, and upon his death J. H. Gibson assumed his interests and operated the business until his sudden demise in November last, the business now being sold to Richard Shafer.

Mitchell And McNiven Elected To Council — Hottest Township Fight In 10 Years — Crittenden Had Served As Deputy-Reeve For Nine Years — 50 Per Cent Vote In Township — Water Commission By-Law Defeated In Town By Six Majority On Small Vote.

In the first real hot election contest in North Grimsby township in 10 years, John Aikens, a one-year councillor, defeated George W. Crittenden, a nine year serviceman in the Deputy-Reeve's chair, for that position by a majority of 123. Aikens polled a winning vote in every polling division except in S.S. No. 1, where Crittenden had a majority of 73, but this did not nearly suffice to pull down the lead that Aikens had built up.

In the council field a new man, Sam. G. Bartlett from Grimsby Beach headed the poll with the large vote of 405 giving him a lead over the doughty old warrior Councillor Wm. Mitchell of 66, who was 20 votes ahead of the third place man Lewis McNiven. Edw. Brubaker ran fourth and Wm. Palmer fifth.

The vote in the township was about 80 per cent of the total eligible voters on the list which in these days appears to be a good vote. There are approximately 1400 names on the voters' list and 717 were polled for the Deputy-Reeveship.

In Memoriam

MARSH—In memory of a loving husband and father, Mr. J. Albert Marsh, who passed away Jan. 11th, 1945.

Not to-day, but every day in silence we remember.

Wife and family.

MISNER—In loving memory of our dear husband and father, W. C. Misner, who passed away three years ago, Jan. 7th, 1943.

They any time heal all sorrows and helps us to forget. But time so far has only proved how much we miss him yet.

Remembered always by wife, daughter and sons.

GODDEN—In loving memory of my dear son and brother Edward Godden, who passed away January 7, 1939.

A silent thought, a secret tear. Keeps his memory ever dear. Time takes away the edge of grief. But memory turns back every leaf.

Ever remembered by Mother, Beatrice, Charlie.

LOCKE—In ever loving memory of our dear daughter, Doris Loren, who passed away January 12th, 1937.

Tonight the stars are gleaming On a lonely, silent grave. Where sleeps in dreamless slumber One we loved but could not save. No one knows the silent heartaches. Only those who have lost can tell Of the grief that we bear in silence For the one we loved so well.

Always remembered by father, mother, sister and brothers.

HOLMES—In loving memory of a dear son and brother, Harry William Holmes, who passed away January 9, 1939.

Gone is the face we loved so dear. Silent is the voice we love so dear. Too far away for sight or reach. But not too far for thought to reach.

Sweet to remember who once was here. And who, though gone, is so dear.

This week's films are: "The Milky Way," a film on the Dairy Industry, "French Canadian Children," and "Eyes and Their Care." Last week "Animals at the Zoo," "Elephants," and "Bears," were shown at the Public School.

The Board of Education has tentatively approved a plan to replace the former one which was considered quite dangerous.

Cubbing

After the Grand Howl the Pack divided into two groups for Dodge Ball and an old revival "Musical Arms." Bagheera took a group in the voyage of Jungle health. This group is working very hard to get their First Star and are nearly ready. The ones with one eye already open practiced their signalling under their Senior Sixer.

During the Besses collection the Slizers reviewed their cubs in the five knots.

At the closing camp-fire, Billy Tennant was presented with his Toppers Proficiency Badge. Douglas Swaine was admitted to the circle around the Totem, as he had passed his tendered tests and was invested by Akela, assisted by Baloo and Bagheera.

All the cub members received their registration cards showing their membership in this branch of the Boy Scouts Association.

To The Electors of North Grimsby

I sincerely wish to THANK all North Grimsby Electors who supported me for Council on Monday.

SLUGGER ANDERSON
Major Dr. Vance R. Farrell, recently returned from long service overseas was the guest speaker of the evening and gave the club members an interesting talk on his wide experience across the pond.

Dinner guests for the evening were ex-Mayor Chas. T. Farrell, George Nelles, M. J. Robb of the Experimental Farm, and Leo Martin of Vineland.

It was announced that the Zene meeting of the Lions would be held in Beamsville on or about April 10th.

AIKENS DEFEATS
The vote in all divisions was mixed up in all kinds of ways which indicated very clearly that no definite slates were being run and also that the ratepayers had very different views on the proper men to fill their council seats.

In the town one would hardly know that it was election day. There was no contest for any public office and the only matter to hold the taxpayers attention was the bylaw asking the ratepayers whether they wished to dissolve or retain the Water Commission. Only 334 voters were polled out of a possible 1400.

44 of these votes were in favor of dissolving the Commission and having the affairs of that body conducted by Town Council and 170 were not in favor and as a result the bylaw was defeated and the Water Commission will continue to function as heretofore. The town vote would only be about 22% of the possible.

FIVE NEW MEMBERS
He was deputy-revee last year, but moved up and won his seat over Fred Barwell, former town superintendent. The seat was vacated by Alex Swindley, who retired from the reeve'ship because of poor health.

Two other members of last year's county council were forced to test public opinion and were confirmed. Ivan Buchanan, deputy-revee of Grantham for two years, won handily over Stuart H. Fleming, K.C., St. Catharines barrister. Wilfred L. Patterson, former councillor in Niagara Township and reeve of Niagara-on-the-Lake last year, held his seat in a contest with William Whitaker.

At Old Niagara, Mayor Lew McCoway was returned for his second term over former Mayor Col. W. H. Anger. At Merriton, however, P. J. Leeson, mayor for the past five years, was unseated by Leslie Skipper who stepped up to the top rung of the ladder from two years on the council.

In Beamsville ex-Reeve Frank L. Laundry, re-entering municipal politics, headed the polls in a bid for a seat on the council. Harry W. Banks, making his first attempt, won a seat, and Edward W. Ryckman, former councillor, was defeated. The vote was: F. L. Laundry 369, C. H. Elmer, re-elected with 251, Peter Robertson re-elected with 214, Harry W. Banks 193. Defeated were: E. W. Ryckman 164, William Harper 116, T. Backin 83.

John Fairfield, 225; John W. Sheldrake, 214. Defeated were: D'Arcy Merritt, 213; Harold I. Book, 185; R. C. Topp, 179; William Ball, 170.

In the election for school trustees of the new school area board, Ora Ellis led the poll, with 316; A. J. Dalrymple, 251. L. earn two-year terms, and Roy Milne, 244; Graham Cosby, 237, and George Adams, 217, one-year terms. Defeated was Clarence M. Young, 211.

HER HIGHNESS
wed and lived happily ever after. Which foregoing is an attempt to stay in character and opine that this is a modern fairy story and at the same time a grand, sure-to-click picture.

MILD WEATHER
enter a dormant period for the winter, and it takes a week to 10 days of warm weather to awaken them. If this happened the sap would start to move and the buds would begin to swell or break.

"Cold weather which would follow would damage the buds and trees to a varying degree. It would depend upon the suddenness of the change from warm to cold weather. However, we think that the trees are all right so far." Farmers throughout the fruit belt are looking forward to a more prosperous season in 1946 than they had in 1945. Many fruit crops were unusually light and some like pears and plums, were almost total failures.

"Prospects at the present time are good for peaches, and we expect that plums and pears will have more normal crops this year," said Mr. Robb. Apples, however, are not so promising. The extended cold wet spring last year developed a plague of scab on apples, and the fungus disease, which is not uncommon on the fruit itself, spread in 1945 to the foliage and trees where it damaged the very trees themselves. It is anticipated that this injury will be reflected in a smaller apple crop this year.

Mr. Robb pointed out that while fruit trees may still be in sound condition for a good crop, the winter has hardly started, and many adverse conditions may yet arise to ruin the fruit yield before it is safely marketed.

COUNTY PAID
to poultry flocks and wild game. In 1944, farmers and hunters shooting in Calisto township bagged 42 foxes, and in 1945 they killed 30. Hunters take the fox pelt to the treasurer of the township in which the fox is shot, and receive the bounty of \$3. The township treasurer then claims a rebate from the county treasurer. The hunter may keep the pelt to sell to furriers.

Gainsboro ran a poor second in the number of bounties paid. In 1944 it had 21 bounties, only half as many as its neighbor, Calisto. In 1945, it claimed rebates for 13, only one-third of Calisto's.

Grantham township, surrounding the city of St. Catharines, gave city folk something to think about when it claimed bounties for only six foxes in 1944, but jumped to 14 in 1945.

South Grimsby had one in 1944, and five last year. Louth dropped from seven in 1944 to six in 1945. Clinton killed seven foxes in 1944, and the same number last year. North Grimsby must have cleaned out its foxes when three were shot in 1944, but no bounties were claimed for 1945.

Proclamation of Confederation—by Jack Martin, O.B.A., C.P.E.

A Nation is Born

"THE DOMINION OF CANADA" ... a fine, high-sounding title it was. Canada, a nation from sea to sea ... And all the vastness of the West was to be opened up by the railroad to the Pacific ... There'd be land, and work, and for everyone a chance for a new life.

George Brown, John A. Macdonald, Cartier, McGee, and the rest had worked and fought for a united

Canada — Confederation. Some were for it, some were against it ... But mostly folks felt a strange new pride. Canada! No longer a straggling collection of isolated colonies, but a unified people, ready and willing to work side by side for the common good.

Where would it lead? There were some who talked of great cities on the wild prairies and great industries in the east ... great ships sailing the seas with Canadian goods ... a population of ten—fifteen—twenty million people. "Visionaries?" ... So were the first explorers, visionaries, and the first settlers and the first

merchants ... Yet they made a reality out of their vision. But the building of a nation is not the work of a day, or a year. It has been, and must continue to be, the work of our native resourcefulness and enterprise, that will sweep Canada forward to an undreamed of greatness.

Today, by our purchase and holding of Victory Bonds and War Savings Certificates, by the willingness of all to work for the common good, we can prove our faith in the vision and efforts of the Fathers of Confederation toward a Canada Unlimited.

Bnbrook Reeve Crystal Gazer

"My slickers would do well to get to Bnbrook to find out how to get out the vote," Niram A. Fletcher, re-elected reeve of the township in Monday's vote, said in commenting upon the electorate's 80 per cent. turnout.

Workers for Mr. Fletcher and his opponent, Arthur Henderson, saw to it that all who were able visited the polls, and even went to Hamilton to drive city residents with a township vote to the polling booths.

It was Bnbrook's first election in 12 years, which may account in part for the township showing up such cities as Toronto and Hamilton in the interest shown. Many voted for the first time. Too, politics entered into the vote. Mr. Fletcher being a prominent Conservative and Mr. Henderson a Liberal leader in Bnbrook.

In two divisions, the percentage of electors who voted was as high as 93 per cent. Mr. Fletcher's total vote was 371, and that of Mr. Henderson 228, giving the former ahead of 143.

The story is being told in Bnbrook of how on Sunday night, the eve of the election, Mr. Fletcher went through the voters' lists assembling the way each voter would probably vote—in view of their political affiliations and the stand they were taking on a secondary issue; damage alleged to have been done to some fences by a snow

This was only two more than the actual figure. "My nephew and his wife were on their way to the polls, but they had trouble with their car and didn't arrive until the polls were closed," said Mr. Fletcher. "Otherwise my estimate would have been right on."

Boy Scouts

Thirty-one scouts were out at the first meeting of 1946. We were glad to honour back to our troop Earl Luey who has been overseas since 1939 and returned home a few weeks ago. He was with the old scout troop when Mr. Len Bromley was scout master.

Three other boys were there after two of them had been absent with leave they were Don Boogie Mogg and Don Pat McAlonen. The other one was an innocent little character named Doug Alton who had been away for nearly a year. A new game of sleeping pirate was played followed by a game of ankle football. Near the end of the meeting we had a sing-song. Don Mogg, Don McAlonen, Doug Alton and Dick Clare were the leaders of this joyful racket.

A skit was put on by Don Catton's patrol which was called the capture of the horse thief. The meeting closed with the colour party who consisted of two boys namely David Zoot Levine and Bert hole in the pants Buckenham, who stood in the centre of the horseshoe while the troop saluted the flag.

CHARLES H. WARREN
The Reverend and Mrs. R. C. Standerwick received news this week of the death of Mrs. Standerwick's father, Charles H. Warren of Sexsmith, Alberta.

Mr. Warren, who was seventy-seven years of age had been a miller throughout his life.

Born in Prince Edward Island, he came to Alberta in 1920 and finally settled in the Peace River Country, establishing the Sexsmith Milling Company at Sexsmith, Alberta.

Two years ago Grand and Grandmother Warren, as they were affectionately known to hundreds, celebrated their golden wedding anniversary.

He is survived by his wife, one daughter, Mrs. R. C. Standerwick, and two sons, Les of Sexsmith, Alberta, and Nelson, a Lieutenant Commander in the United States Navy. Two other sons, Walter and Pope gave their lives for their country in the First World War, both being killed in action. The youngest son, Stanley, was killed in a plane crash in 1940.

A loved and respected member of his community, Charles Hammond Warren will be missed by many.

How can you expect world problems to be solved at once when an individual has to consult a fortune teller before making up his mind about his own difficulties.
